

Celebrating One Day at a Time

Al-Anon's International Convention 2018

Al-Anon International Conventions are an opportunity to celebrate recovery, meet old friends, and make new ones. Members from the U.S., Canada and many other countries gather together to speak the same language—the language of the heart. It's a powerful experience when thousands of Al-Anon members come together.

Registration is now open!

All of the details, including registration and housing information, are located on the International Convention website:
